Federal Judge Pollock  
Rules County Must Pay  
Back \$7,000.

Federal Judge John C. Pollock handed down an important decision yesterday from the bench of the United States district court which will undoubtedly be far-reaching in effect. He held that Hughes county should pay back to Harry Evans of Kansas City, Mo. \$7,000 which he had paid to the county treasurer on tax sale certificates for lands owned by the Indians. The court held they were not taxable.

This would be the first case of its kind ever decided, and Judge Pollock's decision will undoubtedly be widely quoted in similar cases which will inevitably be filed. Evans is a land broker and the county treasurer of Hughes county collected taxes on his certificates.

It is said there is hardly a county in the state that will not be affected by the ruling, and that many cases similar to that of the Evans case will come and they may file suit. The court imposed no punishment on the county officials for collecting the taxes on the sale certificates, but ruled that they should make restitution.

A verdict in favor of the Evans land company, against which Evans said \$7,000 had been brought suit for \$7,000 for injuries he received while in the company's employ, was returned by a jury in the morning.

Which was not a surprise, as a jury trial and a verdict in the Evans case was due to the nature of the suit which the Evans company had filed. The jury found the Evans company was responsible for the loss of damages in considering the

General Alvaro Obregon, secretary of war and navy for the Carranza government in Mexico, in a dispatch from Queretaro to the officers and soldiers at Mexico City, gave the blame for the clash between Mexican citizens and United States troops at Peralta for the American soldiers. ## NEW TRIAL REFUSED FOR HENRY SMITH

Case Will Now Be Appealed  
to the Criminal Court  
of Appeals.

The petition of Henry Smith for a new trial was turned down yesterday by Judge John J. Murray, Jr. Smith was recently convicted of the murder of H. V. Cook and a jury sentenced him to serve twenty-five years in the state penitentiary. His attorneys entered an exception to the ruling of the court and announced they would appeal to the criminal court of appeals. Pending the appeal Smith will be released on bond in the sum of \$12,500.

Attorneys for the convicted man alleged irregularity in the conduct of the jurors who filled the box during the trial. G. W. Wheat, one of the jurors, was accused of making the remark that "Smith was a dirty, ornery rascal and the jury was going to stick him."

Wheat denied making the statement from the witness stand yesterday and declared he had said that "Smith looked like a mean man." He said the statement was introduced against Smith and that he had made the remark before taking evidence in the case had begun.

The affidavits of the two jurors, who declared they had heard Wheat make the statement, were introduced and both men were placed on the stand and subjected to a rigid cross-examination by County Attorney J. P. Rivers.

Smith was visibly disappointed when the court announced that no new trial would be granted. His wife sat by his side throughout the hearing.

## FINAL REHEARSALS FOR H. S. FARCE PLAY

Parts Are Well Cast and  
Every Indication Is  
for Success.

Final rehearsals were held last night on "Not So Bad After All," the farce to be put on by the Girls Dramatic society of Tulsa high school in the school auditorium tonight, beginning at 8 o'clock.

The cast includes the leaders of the societies for the female characters. The male parts are taken by honorary members of the club, whose only acting during the act has been the play. Miss Elvira Sadow is director.

The play is full length and humorous throughout. The main theme is a mystery and some of the character parts have been very well developed. It promises to be on a par with any entertainment of its standing yet produced at the school.

The cast includes: Miss Norma Miller as Mrs. Marchmont; Anna Ingraham as Sally; Nellie Swallow as Miss Clara Smeaton; Mattie Kennedy as Mrs. Brunt; Mildred Morrison as Mrs. Poppett; Harold Orr as Herbert Marchmont; James Tuttle as James the gardener; Maurice Taylor as Smart; a flunky; Ven White as Doctor Prunt; Harold Aiken as Mr. Worthington; and Glenn Campbell as Captain Poppett.

Had to Earn It.  
"I see you have inherited \$100,000 from your Uncle Pete, Cholly," said Jack.

"Yes," said Cholly, "nearly," but of course the old folks had to tie a string on it. It's all in bonds, and I can't get a cent on 'em without cutting off a lot of blooming coupons."—New York Times.

The Wifely View.  
"My dear, what do you think I bought you? A nice cook book?"  
"A man buying a cook book? My word, that canvasser must have been a neech."

The winners in the international contest were Class A Wilkes-Barre, Pa.; Class B London, Ontario, first; Montgomery, Ala., second; and Tulsa third; Class C Youngstown, Ohio.

Among those who aided in the remarkable work were the following youngsters who were high men at the end of the competition for places on the team: Seth Hughes, Claude Whetzel, Glen Davis, Louis Wineschke, Vernon, Augustin. condition that there must be an abandonment of the present submarine methods, Secretary Lansing takes the view that there must be a direct and formal response from the German government itself before there can be a discussion of the various phases of the subject or of any alternative propositions short of absolute compliance with the American demands.

As a result of his conference Count von Bernstorff sent another communication to his government this evening. It was made clear at the German embassy later that the ambassador did not expect to call upon Secretary Lansing again until after his government had made formal reply to the American note.

How Long to Wait.  
Just how long the United States is willing to wait for the German reply has not been disclosed. All officials agree that a "reasonable time" will be allowed. President Wilson, in announcing that the note had arrived in Berlin were read with much interest but official word of the delivery of the communication had not been received from Ambassador Gerard.

The fact that a series of religious holidays which are scrupulously observed in the German empire begin tomorrow, Good Friday, to continue next Tuesday, has been suggested as a possible source of delay on the part of the German foreign office.

The state department has not been advised that Ambassador Gerard had been handed a supplementary note in regard to the case of the channel steamer Sussex. Press dispatches have described the supplementary note as containing the statements of Swiss and American passengers indicating that a mine and not a torpedo was responsible for the disaster.

The Hatred of Publicity.  
Some people hate publicity like the young Detroit man. He was dressed in a tight-fitting suit of the latest cut, and his whole costume was a dream of sartorial refinement. And he was plainly embarrassed when he entered the editor's office.

"I was intensely shocked to read a notice in your paper of my engagement," he began. "I can not tell you how shocked I was. I was positively charmed. My fiancée was disappointed. We were all charmed. How much for fifty copies of the paper?"—Argonaut.

Apartment Life.  
"That lady next door seems rather apish."

"She can save her airs. I'm just as anxious not to get acquainted with her as she is not to know me."

How, Indeed?  
"How can you expect to marry my daughter when you have no money?"

"How could you expect me to marry her if I did have?"—Judge.

## WHAT THE DOCTOR KNOWS

KIDNEYS MUST BE RIGHT TO INSURE HEALTH.

Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or allowed in any way, serious results are sure to follow. According to health statistics, Bright's Disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in one year, in the State of New York alone. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c. and \$1.00.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Tulsa Daily World.—Adv.

Philippines to help reduce the insurgent native population to a state of order. The magnitude of this task has never been appreciated in the United States. The military conscription, rigorously applied for several years, stood in the way of any accurate knowledge in this country of what was being done by our officers in the Philippines. Much of this work is now known, was most onerous and exacting. To several officers whose names were rarely mentioned in American newspapers were entrusted duties such as have earned for British commanders in like circumstances enduring fame.

One of the most difficult of all the tasks required of our army in the Philippines was the subjugation of the hostile Moros in the island of Mindanao. The performance of this unpleasant duty fell to Captain Pershing. The raids of the warlike Moro tribes on the coast towns of the island were checked by Pershing's brilliant victory in the fight at Bayan, but the sultan of Bacolod remained obstinate and the various strongholds of his tribe had to be demolished before obedience could be secured. After forty of these forts

had been destroyed with a loss of only two American lives, the subjugation of Mindanao was completed and Pershing became the military governor.

Strange as it may seem, the American commander's resolute performance of his duty, his strict fulfillment of every pledge, and his carrying out of every threat, won for him the affection of these rude people whom for three hundred years the Spaniards had failed to conquer or to rule. They formally elected Captain Pershing a datus of the tribe, conferring on him the power of life and death, so that he is today perhaps the only American army officer entitled to serve as a Mohammedan judge.—Review of

The frailties of man!  
How hard our beloved president has tried to keep at PEACE with all the world. MAN PLANS BUT GOD CONTROLS OUR DESTINIES. Can a man live unto himself? Can a great nation like ours shirk a responsibility while millions at the best men on earth are giving up their life-blood?

THE SINS OF MEN PUT JESUS ON THE CROSS. The sins of men are causing the world to be upside down now. The natural condition of life is peace and harmony. The Great Hand of the universe is directed in this direction. God wants PEACE and HARMONY, but the WORLD must go through FIRE to be PURIFIED. They are going through a PURIFYING FIRE now.

So long as VILIA had POWER he was called a hero and was praised by the best men of the nation. Now that he has lost his power he is only a HANDIT and OUTLAW, and his price is set on his head. God knows that VILIA did wrong but he FORCED us to go into MEXICO to establish PEACE and stop the slaughter of those poor people.

The GERMANS now realize that they cannot WIN and they will POLICE Uncle Sam into the scrap in order to have him for a JUDGE in the PEACE courts of equity in the final settlement between them and the allies.

IF GREAT BULL DOGS have met in a fight and have torn and mangled each other until their blood is flowing everywhere. Then if those who are left stop and wait and look at each other tongues out and hoping and praying that something might happen that there may be no more slaughter; when and where shall PEACE come if another BIG DOG reads by and grows and shows his teeth first at one and then at another? We cannot afford to wait. THE POWER OF THE UNITED STATES TO QUICKLY BRING PEACE AND BE A LEADING FACTOR IN THE SETTLEMENT OF THE WORLD'S DIFFICULTIES. In this way it can be of tremendous service to the world for which she will be honored as long as history lasts. It will also mean that it will become unnecessary for Uncle Samuel to vote millions to GET READY to spill the blood of millions of the now young boy babies of our land. There will be no more wars when those who start them are hanged as high as Haman.
